ABSTRACT

<< 1-2 pager, within 600 words >>

1. Problem statement to be attempted:
(One of the suggested 3 statements only)

2. Key area trying to solve within the problem statement

3. Proposed Solution:
(concept description advisable to have any circuit diagrams/basic calculations to support. we understand this will be at a very nascent stage and there might be changes further)

4. Describe the novelty of your solution

5. Cost of implementation and making
